

Shaping the Future of Litchi Research: 24th IRC Meeting at ICAR–NRCL

The 24th Institute Research Council (IRC) meeting of ICAR–National Research Centre on Litchi, Muzaffarpur, was successfully held on 16 January 2025. The meeting was graced by Dr. Kundan Kishor, Dean, Pt. Deen Dayal Upadhyay College of Horticulture and Forestry, RPCAU, who participated as the External Expert and Chief Guest. During the meeting, the Committee comprehensively reviewed the Institute’s ongoing research programmes and deliberated on their progress, outcomes, and relevance to stakeholder needs. Strategic discussions were also held to finalize future research priorities and action plans aimed at strengthening scientific innovations and enhancing the sustainability and productivity of litchi cultivation. The meeting provided a valuable platform for constructive interaction and expert guidance, contributing to the refinement of the Institute’s research roadmap in line with national horticultural goals.
